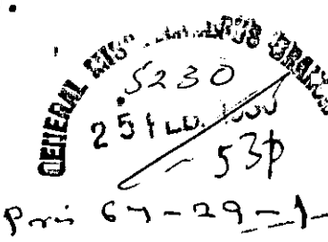
No.C 374-92 Office of the Inspector-General of Prisons
in Mysore, Bangalore,
Dated 24th February 1930.

From,

The Inspector-General of Prisons
in Mysore, Bangalore.



The General Secretary to the Government
of His Highness the Maharaja of Mysore,
BANGALORE.

Adverting to para 9 of Government Order No.G.765-75/93-28-2 dated 18th July 1929 calling for my proposals in the matter of constructing a new Central Jail at Bangalore at some distance from the City, I have the honour to state that a rough plan of the Jail to be constructed on the cellular system and a probable estimate amounting to Rs.13,95000/- were submitted to Government the year 1925 with this office No.822/52-24 dated 26th June 1925. But the Government after due consideration were pleased to order their letter No.P.2008/Pris.6-25-2 dated 29th October 1925, that there is no likelihood of a new Central Jail being built in the near future and so they permitted the Chief Engineer to undertake the necessary repairs to the existing buildings. Accordingly considerable care is being taken both by the D.P.W. and the Superintendent of the Jail to renovate all the old buildings and keep them in good condition. In addition to the major works under-taken by the D.P.W. a sum of Rs. 1000/- per annum is placed at the disposal of the Superintendent of the Jail for this work.

In this connection I have to state that the present Jail is centrally situated and is within a short distance from all the courts of both C & M Station and City and also it is very near to ~~the Residency~~, the Palace and the Dewans quarters where prisoners are sent for work. If the Jail is removed to a distant place from the City proper it will be very inconvenient for the out-door gangs to go to the places of their extra-mural work.

Under these circumstances, if it is not possible to drop the question of building a separate Jail, I shall obtain from the Chief Engineer of Mysore necessary plans and estimates prepared according to the present day requirements, as the estimates prepared in 1925 will not be accoding to the current rates of the D.P.W.

I have the honour to be,

Sir,

Your most obedient servant,

S. Subbarao

Inspector-General of Prisons.
